		5. Degree Course	_____ <input type="checkbox"/> B	5. Degree Course	_____ <input type="checkbox"/> B
		6. Degree Course	_____ <input type="checkbox"/> B	6. Degree Course	_____ <input type="checkbox"/> B

College placement tests determine math and English classes. Classes lower than 100 level do not count for college credit. Math (Prep, 091, 093, 122 or 123) do not count for high school math credit. 2nd Year students can take 1/4 credit for summer school or submit 60 hours of volunteer service to exempt from the 2-week course. See the handbook for information on possible exceptions for: study skills or math exemptions, extra class appeals, or taking courses at NSC or UNLV. 11th grade students limited in college courses may need to supplement with a high school course. Students must match the CAP to actual courses and have an approved extra class appeal form with the CAP for any courses outside of the academic plan or they will be charged a fine.

By State law, students must adhere to the required number of courses per grade level (6 classes for 11th and 4 classes for 12th including the **mandatory** classes INDICATED WITH ASTERISKS \*\*\*. It is the student's responsibility to maintain the correct number of classes and ensure the classes on the CAP match the actual courses to avoid fines. See the CAP form and handbook for details on fines, required courses, missing core classes and external credits.
