Matthew Fox  
Nevada State High School Board Chair

**RE: Financial Performance Ratings For Your School**

Dear Mr. Fox:

As you know the State Public Charter School Authority (SPCSA) is responsible through the Nevada Revised Statutes (NRS) 388A.150 for providing “oversight to the charter schools...to ensure that those charter schools maintain high educational and operational standards.”

The SPCSA must also adopt a performance framework and within that framework oversee “the financial condition and sustainability of the charter school.” The framework includes sub frameworks which “must include, without limitation, performance indicators, measures and metrics for the categories of academics, finances and organization.”

As part of this effort, the SPCSA has a financial performance framework through which the financial health of sponsored schools is examined. The examination is performed after schools submit their Independent Annual Audit, also called an Annual Report or Financial Report, to the SPCSA by December 1st of each year for their most recent completed School Year Ending (SYE) June 30. Financial underperformance is the failure to meet certain financial standards which a charter school is accountable for to its sponsor and the public.

Ratings are generated from an analysis of information in this report and from other school records, such as enrollment records. Schools can see those ratings when they complete and submit their respective Financial Performance Ratings worksheet. Your school submitted their Annual Report and Financial Performance Ratings worksheet and these were reviewed by SPCSA staff. Ratings for each of the eight indicators measured may be:

1. Meets Standards
2. Does Not Meet Standards, or
3. Falls Far Below Standards

**The Financial Performance ratings your school received for the School Year Ending (SYE) June 2019 are not “for stakes” but are for information purposes only. The ratings generated for the SYE (June) 2020 will be “for stakes.”**

The ratings your school received for SYE 2019 are:

<b>Rating</b>	<b>Count</b>	<b>Notes</b>
1. Meets Standards	5	
2. Does Not Meet Standards	1	
3. Falls Far Below Standards	0	
4. Not Rated	2	

Total (of 8 possible ratings): 8

This analysis was based on the eight financial measures detailed in the Financial Performance Framework Workbook found on the State Public Charter School Authority website. Your Financial Performance ratings for SYE 2019 are attached to this memo.

Schools are generally considered as meeting standards and being in “Good Standing” regarding their Financial Performance, if they receive at least six (6) out of eight (8) possible “Meets Standards” ratings, and no “Falls Far Below Standards” rating.

Schools may be recommended for a “Notice of Concern” if they receive three (3) “Does Not Meet Standards” ratings or one (1) “Falls Far Below Standards” rating for the most recent school year being reviewed.

Schools may be recommended for a “Notice of Breach” or a “Notice of Intent to Terminate” based on continued or significant evidence of materially weak financial performance which may be evidenced from two or more continuous or non-continuous years of receiving a Notice of Concern or from significant evidence of some other material financial issue.

Failure to make substantial progress towards remedying previously identified concerns, such as presented in this letter, may result in further escalation within the intervention ladder.

For a charter school board to achieve and maintain Good Standing, the board should consult the Financial Performance Framework Technical Guide as found on the [SPCSA web site](#), [Accountability tab](#).

The State Public Charter School Authority believes strongly in a quality public school of choice for every Nevada child. Achieving and maintaining your school's financial health is critical to everyone achieving that goal. Feel free to contact us with questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Dang". The signature is fluid and cursive, with a prominent loop at the end.

Mike Dang  
Manager, Financial & Organizational Performance Frameworks
