

Career Bound NV Medical Career Development Plan

How can Career Bound NV's Medical Career Development Program support students?

Career Bound NV (CBNV) will provide students with an extensive career exploration and career readiness program with introductions to medical career opportunities by Renown staff, and support from a mentor during the 13-week program.

How do students qualify for CBNV's Medical Career Development Program?

- Be a senior
- Have a good academic record and be on track to graduate
- Have gained a Gold or Platinum score on the National Career Readiness Certification
- Have reliable transportation

Students in CBNV's Medical Career Development Program will:

- Earn their NSHS required Volunteer Hours
- Explore medical careers with experts in the hospital
- Gain work readiness skills under the support of professional mentors through program sessions and tools such as You Science
- Strengthen their resumes
- Build confidence for job interviews
- Earn the right to apply for a paid position at Renown to commence Jan. 2021
 - Students who complete Renown paid work experience are guaranteed an interview for ongoing employment and career development

Applications available on MOODLE
