Mission Statement

To support our students in a college environment with personal, academic, and social skills.

Principal's Highlights

Located in the picturesque east valley of Las Vegas, the Nevada State High School Sunrise campus graduated 26 students in the 2019/2020 school year. Academic, social, and personal responsibility are key components of our real college experience and we support our students throughout their transition from high school to college. Our high expectations and our students' willingness to embrace our culture and succeed meld together and provide the foundation for student success. Because of the commitment from the students, colleges, and staff, Nevada State High School did not miss a day of instruction during the COVID-19 shutdown.

- Of the 26 graduates at the Sunrise Campus, 18 qualified for the Millennium Scholarship
- 100% of students are college ready, needing no remedial courses after high school
- 4 out of 26 Sunrise graduates reached the Regents Diploma status. Nevada State High School's highest diploma is the Regent's Diploma. In addition to meeting Advanced Diploma requirements, students must achieve a Gold or higher on the NCRC (WorkKeys), take an average of 4 college level courses per semester that are 3 or more college credits, and receive a Yellow/Green student scorecard.
- 50% of our graduating class received Advanced Diplomas
- The Sunrise Campus highest ACT score was a 33
- 3 Sunrise students graduated with Platinum NCRC (Workkeys) scores and 10 with Gold NCRC (Workkeys) scores

Goals and Objectives

Goal 1

To increase student college readiness performance.

Objective(s):

75% of NSHS students will record minimum performance levels of college readiness.

School Communication Efforts

Nevada State High School invites parents to attend an annual Academic Success meeting for each student enrolled. Additionally, staff makes themselves available by appointment as well as has open office hours for students, families and community members to receive assistance. NSHS hosts a 24 hour ticket system that is open to the public and allows anyone to have their questions/concerns directed to the staff member best suited to answer them. Staff also utilizes text, email, Zoom, and phone communication as well as documented interventions to ensure open communication.

Curriculum Details

Nevada State High School's charters are based around a dual-credit curriculum where the majority of the students' classes are real college courses taught by local colleges that fulfill high school requirements. Nevada State High School reinforces the college transition through classes that support students personally, academically and socially while in the college environment. Each student develops an individualized academic plan that is outlined around students' high school graduation requirements, college placement levels, and college degree plans. Available dual-credit college courses include classes toward a career certificate, Associates degrees, Bachelor's degrees, personal enrichment and for transfer. College Courses that are 100 level or higher are equal to one high school credit and have a heavier GPA weight. Nevada State High School offers free college tuition for the fall and spring semesters based off approved courses, and students must follow the Nevada State High School Academic Plan regarding course limitations.

'N/A' indicates that this population was not present.

*** indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Discipline and Transiency incidents are reported at the school where the action occurred.

Users should note that this data may have been affected by the early closure of school facilities in spring of 2019-20 due to the COVID 19 pandemic. Consequently, results for 2019-20 may not be comparable to previous years.

**The purpose of some alternative programs is to enroll students for a short period of time until they can reenroll in a comprehensive school; therefore, transiency rates may be greater than 100% or N/A. Data reported as of the end of the school year.

Fiscal Information

The Elementary and Secondary Education Act of 1965 (ESEA) as amended by the Every Student Succeeds Act (ESSA) requires the reporting of the per-pupil expenditures including actual personnel and non-personnel expenditures, disaggregated by source of funds, for each school district and each school in the state for the preceding fiscal year. For more details, please visit www.nevadareportcard.nv.gov where comprehensive and interactive data tables and individual school level financial reports are available.
